Cllr Alan Hunter shares his experience on being a new Town Councillor

Having lived in Abergele since 1992 I decided a couple of years ago that I would like to give some of my time to helping make Abergele a better place. I was probably guilty of making the statement "something should be done about that". After considering several options I made up my mind that I could best serve my community by becoming a Town Councillor.

The last 18 months as a Councillor for the Pensarn ward have been both interesting and fulfilling and I have joined several sub-committees which has allowed me to more involved in the decision making process for many of the positive changes to our Town both current and for the future.

Being a member of the Town Council allows members to promote and represent our community while helping promote the viability and vitality of our Town.
